

AQUALIST

PACKAGED DRINKING WATER

A PRODUCT OF **DP** AQUA & BEVERAGES

THE NEW STANDARD OF HYDRATION.

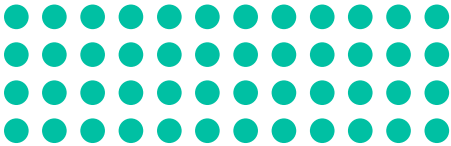

Aqualist was born at the intersection of purity and purpose. We believe that water the most essential element of life deserves to be presented with the same care and sophistication as the environments it serves.

Designed with a focus on minimalist aesthetics and refined quality, Aqualist is a lifestyle choice for those who value excellence in every detail. From our modern facility in Nathdwara to the tables of premium hospitality, we ensure every drop is a testament to our commitment to clarity.

ROOTED IN NATHDWARA. CRAFTED FOR THE WORLD.

Aqualist began with a singular vision: to redefine the packaged water industry starting from the heart of Rajasthan. As a flagship brand of **DP Aqua & Beverages**, we combine regional dedication with a national ambition.

We don't just bottle water; we bottle the spirit of progress. Our mission is to establish local dominance through superior design and unmatched purity, setting a new benchmark for the Indian hydration market.

OUR STATE-OF-THE-ART FACILITY WHERE TECHNOLOGY MEETS PU

Aqualist is produced at our advanced manufacturing unit in Nathdwara, Rajasthan. Our facility is designed for scale, hygiene, and precision, ensuring that every bottle reaching our partners is of world-class standard.

The Aqualist Purification Journey:

- **Multi-Stage Filtration:** High-precision sand and carbon filtration to remove all suspended particles.
- **Reverse Osmosis (RO):** Molecular-level purification to eliminate dissolved solids and impurities.
- **Mineral Enrichment:** Balancing essential minerals to provide a crisp, refreshing, and healthy taste profile.
- **UV & Ozonation:** A dual-layer sterilization process that ensures the water remains 100% bacteria-free.
- **Touch-Free Bottling:** Our fully automated line ensures the product is never touched by human hands until you open the seal.

OUR PRODUCTS

AQUALIST 1 L PACKAGED DRINKING WATER. (PACK OF 12)

The Signature Litre | The Daily Standard.

Our 1-litre bottle is designed for those who refuse to compromise on hydration throughout the day. Engineered with a sleek, high-clarity finish, it fits perfectly in car cup holders, gym bags, and office desks.

Best For: Daily hydration, fitness routines, and long-distance travel.

Key Feature: Ergonomic grip design for effortless handling without sacrificing its minimalist silhouette.
